The Society of the St, Vincent de Paul have a panel of people that visit inmates in Midlands and Portlaoise Prison. If you wish to be involved, please text 086-0462405.

All-Ireland Pollinator Plan: Avoid using insecticides, fungicides and herbicides These potent chemical cocktails are designed to kill various organisms. One of the best things you can do for pollinators is avoid using them. Why: Insecticides have been found to kill, harm, and disorientate pollinators. Herbicides kill the 'weeds' that provide them with important food. www.pollinators.ie/top-ten-ways-to-help-pollinators/
